

# Madalina Martiniuc

Junior web developer

I am a student at the Informatics university of Turin. I plan on graduate by summer. I have attended many different programming courses and I am able to create different projects. I am mostly interested in the front end part but still studying and learning the back end as well.

## Education

Liceo Scientifico Isaac Newton  
82/100

Università degli studi di Torino-  
Dipartimento di Informatica  
Informatica
